

product spec & instructions

brush-on finish gel

viscosity: 1

curing time: 120 seconds

brush-on finish gel is a clear, self-smoothing, high gloss finish gel. this gel can be used to finish up all round gels or acrylics. brush-on finish gel is odourless, does not change temperature whilst curing and gives nails a long-lasting high gloss shine. Brush-on gel is non-soak off

instructions

- once you have finished your gel sculpture remove any nail dust
- apply a thin layer of brush-on finish gel on to the c-curve and brush out on to the rest of the nail, up to the cuticles avoiding contact with the skin
- cure the gel in the uv lamp for 4 mins
- remove the sticky layer

apply brush-on finish gel as thin possible to get the best results. hard gel manicures last up to 5 weeks
