

product spec & instructions

prima pink all round gel

viscosity: 3

curing time: 120 seconds

prima pink all round gel is a strong gel which is perfect to strengthen natural nails without tips. it is a self-smoothing gel and has a creamy texture which makes it ideal for sculpting nails and gel extensions. Prima pink all round gel is non-soak off gel

instructions

- Prepare the nail by gently buffing the surface to remove the natural shine and apply primer and/or bonding gel
- apply a medium amount of gel to the c-curve and using slight pressure and circulating motions smooth out on to the whole nail and tip. avoid contact with the skin.

apply a thicker layer to the middle of the nail to create a perfect c-curve

- cure the gel in the uv lamp for 2 mins
- repeat application as above using a thin layer of gel and cure
- remove the sticky layer with gel cleaner and buff the surface until smooth and even
- finish off using a high gloss finish such as quick finish gel iii, brush-on gel, or top gel

prima pink all round gel has a subtle natural rose finish
