

product spec & instructions

top gel clear – stage 3 of 3 stages

viscosity: 3

curing time: 4 mins

top gel clear is stage 3 of the gels you need to use to finish off your perfect nail design. you can also use this gel with any other of our all round gels. it is applied after the builder gel, sealing the nail and providing a high gloss finish. use stage 1 – bonding gel and stage 2 – builder gel to complete the system.

instructions

- apply a thin layer of top gel straight on to the sticky layer of your all round gel or colour gel avoiding contact with the skin
- cure the gel in the uv lamp for 4 mins
- remove the sticky layer using cotton wool (or a swab) and gel cleaner

great gel for use in the 3-stage-system. provides optimal glossy finish in combination with the other 2 gels – bonding gel any one of our all round builder gels
